

Phone Club Media Kit

Biography:

Phone Club is a Carmel-based rock / pop band that plays a very specific genre of songs: whatever they want. The band formed in 2011 as a group of friends playing for fun when they decided to bring that same casual spirit out of the basement studio and into the community. Phone Club is proud of their unpredictable set lists and prefer to deviate from normal cover band staples. If you're tired of hearing "Don't Stop Believing" Phone Club is the band for you.

With decades of music from Elvis to The Black Keys to Ben Folds, Phone Club does a little bit of everything. They are summertime mainstays of local events and have been found performing at The Carmel Marathon, CarmelFest, the Summer Concert Series at Clay Terrace Mall, Union Brewing Company, and the Carmel International Arts Festival, as well at The Palladium.

Drop by their Facebook page (facebook.com/phoneclub) to request a song you would want to hear at their next show.
